REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicants' Request for Continued Examination filed on October 27, 2005 was accompanied only by an Information Disclosure Statement citing five references; upon careful review of these references, the examiner respectfully maintains that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of an electric bed and method comprising the particular respective configurations of the control section and storage section defined in a coordinate system (α , β) as recited in independent claims 1-3, 18-20, 38 and 53. Since an updated search of the prior art also did not yield any other references pertinent to Applicants' claims, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (571) 272-7048. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Suzanne L. Barrett can be reached on (571) 272-7053. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
